

## Meijer Recalls Select Vegetable Trays Due To Potential Health Risk

GRAND RAPIDS, Mich., Nov. 5, 2019 /PRNewswire/ -- Meijer, in conjunction with Mann Packing Co., as part of a multi-state recall due to the potential risk of *Listeria monocytogenes*, is announcing a voluntary recall of select vegetable trays in various weights ranging from 7 oz. to 2 lbs. and broccoli florets served on salad bars at two stores.

*Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, Listeria infection can cause miscarriages and stillbirths among pregnant women.

The multi-state recall involves product potentially sold between Sept. 25, 2019 and Nov. 4, 2019 in all Meijer stores in Michigan, Ohio, Indiana, Illinois, Kentucky and Wisconsin. Additionally, two affected Meijer locations with salad bars involve purchases with broccoli florets made between Oct. 1, 2019 and Oct. 30, 2019 at the Knapps Corner and Rockford Meijer stores in the Grand Rapids, Mich. area. There have been no illnesses reported to date.
