Honoring our nation’s heroes through Wreaths Across America

Meijer was proud to once again support Wreaths Across America, reaffirming our commitment to recognizing our nation’s heroes.

This year, we helped cover the cost of 1,000 wreaths and our Outbound Logistics team delivered wreaths to 14 veteran cemeteries in Michigan and Ohio, the most ever for our team. In addition, team members proudly participated in multiple wreath-laying ceremonies on Dec. 13, 2025, including at Fort Custer National Cemetery in Battle Creek, Michigan.

Our ongoing partnership with Wreaths Across America reflects our purpose of enriching lives in the communities we serve. By participating in events like the one at Fort Custer National Cemetery, we aim to inspire others to join us in bringing more honor to those who have served.

Wreaths Across America is a nonprofit organization committed to remembering the fallen, honoring those who serve, and teaching the next generation the value of freedom. Each December, they host wreath-laying events at more than 5,200 locations, in all 50 states, at sea, and abroad.

View our video about the Wreaths Across America ceremony at Fort Custer National Cemetery.

Thank you to everyone who participated in this honored tradition.
